Re Bureau letter to Milwaukee dated 12/12/69.

Attached for the Bureau is one copy of a proposed anonymous letter, to be sent to the Black Panther Party (BPP) National Headquarters and the Chicago BPP concerning the concealment of funds by Milwaukee BPP leaders. It is felt that such an anonymous letter would increase the rift between Milwaukee and the above two offices and thus hinder further reorganization attempts at Milwaukee.

Milwaukee recommends that this letter be written out in longhand, in order to best achieve the desired results.

To who it concerns,

I think that certain members of the Milwaukee Panthers are committing grave crimes against the people. For a long time [REDACTED] and other individuals who claim to be leaders of the peoples van guard have been stealing money from the Milwaukee Black Panther Party. They have been selling papers and hiding the money so that they would not have to send it to California or to Chicago. They have been telling everybody that they were broke when they really had lots of money stashed away. [REDACTED] has more than \$2,000 [REDACTED] has bragged about hiding from national headquarters and [REDACTED] says that California will never collect the money that Milwaukee owes for its newspapers. [REDACTED] and [REDACTED] have been givin the people for a long time and they have not been functioning properly. Someone should investigate these niggers and find out what crimes they are committing against brothers and sisters in Milwaukee. Power to the people.

NOTE:

Informant has advised that it is believed that [REDACTED] has secreted \$2,600 of BPP funds from BPP national headquarters and intends to use the money for the Milwaukee chapter. Milwaukee Office has proposed the preparation and mailing of an anonymous letter to national BPP headquarters and the Chicago branch of the BPP, which accuses [REDACTED] of hiding funds from national headquarters. This can be accomplished with full security and should be an excellent disruptive technique.

ReSClet to Bureau, 12/5/69.

Sacramento has no counterintelligence measure under consideration at this time and has no accomplishments to report for the past two-week period.

As has been previously pointed out, the BPP has abandoned the headquarters of its three chapters in this division and has discontinued its public programs such as Breakfast for Children and the Liberation School.

At present the lack of BPP organization and activity makes the formulation of a logical counterintelligence program difficult. The BPP is being followed closely and if any activity is detected, suitable counterintelligence measures will be considered.

At the time [redacted] made the purchase, he advised the clerk at Krasne's that he was a recruiter for the BPP and was at that time enroute to Berkeley, California, for a "big meeting."

At the time of the purchase, [redacted] did not have sufficient cash to effect a negotiation and therefore simply ordered an Amalite 180 with a telescopic sight.

The initial order was placed with the same gun shop as mentioned above on the evening of 12/11/69. On 12/12/69, a female Negro, who has thus far been unidentified, appeared at Krasne's along with [redacted]. This individual presented a check signed by [redacted] drawn on a local San Diego bank. The officials at Krasne's Gun Shop questioned the check after its submission and advised [redacted] that his gun would not arrive until late in the evening of 12/12/69, or the morning of 12/13/69. In the meantime, it was determined that the check submitted by the female individual was a forgery.

The above information was furnished to the San Diego Police Department on a UACB basis the evening of 12/12/69. That department has established surveillances and is currently seeking a forgery warrant for the unidentified woman and [redacted].

This is to recommend the attached mass media item be furnished to a cooperative news media source on a confidential basis.

Purpose of news item is to counter unfounded allegations by Negro leaders that police have concentrated their attack on the Black Panther Party and have not taken similar action against white groups that stockpile weapons.

Item points out seizure of weapons by Alcohol, Tobacco and Firearms Division at West Bridgewater, Massachusetts, on 11-6-69 from residence of the parents of [REDACTED] an off-shoot of the Minutemen organization. UPI news release quoted New York State Police officer as saying this residence used by "far-right outfit."

The information set out concerning the Minutemen in attached deals with the arrests of 19 Minutemen by New York Police Department under direction of District Attorneys Office, Queens County, New York, on 10-30-66 at which time a large number of weapons were confiscated. The stake-out by Connecticut State Police refers to the arrest of five Minutemen on 8-24-68 who were in the process of raiding a camp of the New England Committee for Non-violent Action at Voluntown, Connecticut. Robert DePugh, head of the Minutemen and fugitive, was arrested by FBI Agents at Williamsburg, Mexico, on 7-12-69. A subsequent search of his underground headquarters revealed the largest quantity of weapons and explosives ever to be located in an illegal cache according to army officials on the scene.

RE: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE - BLACK PANTHER PARTY (BPP)

Item further mentions seizure of weapons at Klan guerrilla base in Mississippi. This refers to a shoot-out near Jackson, Mississippi, on 7-25-69 while Agents and local authorities were arresting [REDACTED] a notorious member of the White Knights of the Ku Klux Klan of Mississippi, who was hiding out with two other fugitives. One fugitive, Lewis M. Shadoan, was killed. Tarrants and a third man were captured and numerous weapons seized.

Also referred to is the seizure of dynamite by the sheriff of Monroe County, Indiana, at Ellettsville, Indiana, on 8-21-69 and subsequent arrests of five members of United Klans of America, Inc.

ACTION:

That Crime Records Division furnish attached item to a cooperative news media source on a confidential basis.

Recent raids by police on the militant Black Panther Party strongholds in Chicago and Los Angeles have triggered protests by black leaders that police are concentrating their attack on the Panthers and have not made similar raids on white right-wing groups which stockpile weapons.

Not so, say the lawmen. They point to last month's raid by Treasury agents on a private home in West Bridgewater, Massachusetts, which authorities said was being used by a "far-right outfit." The agents bagged an arsenal of weapons including anti-tank guns, land mines, machine guns and grenades.

The extreme right-wing Minutemen organization has been crippled by tough law enforcement of state and federal authorities. Nineteen Minutemen were charged with illegal possession of firearms in 1966 when New York City police arrested them with hundreds of guns, mortars, bazookas, explosives and ammunition.

Last year Connecticut State Police staked out a pacifist camp at Voluntown, Connecticut, after they learned a group of Minutemen intended to burn the place. When they

ENCLOSURE

spotted the police the masked and heavily armed Minutemen opened fire. Four of the Minutemen were wounded in the fight. Police collected rifles, bayonets, pistols and knapsacks loaded with Molotov cocktails from the attackers.

Less than a year later FBI Agents following up on their arrest of Robert DePugh, the Minutemen's leader, in hiding, uncovered a cache of illegal weapons, booby traps, ammunition and explosives in a New Mexico sandstone cave. Authorities said this ordnance collection of DePugh's private army was the largest haul of its kind.

Earlier this year FBI Agents leading a foray against three fugitives holed up in a Klan guerrilla base in the swamps of Mississippi were met with heavy gunfire. In the skirmish that followed one of the fugitives was killed and the other two captured. Officers seized an assortment of rifles, knives, hand grenades and ammunition.

A sheriff in Indiana was tipped off to a cache of explosives in a Klan hideout last August. An early morning strike netted over 300 pounds of explosives, detonating devices and automatic weapons. Five klansmen were arrested.

The purpose of this memorandum is to secure approval for a counterintelligence measure directed at the violent Black Panther Party (BPP).

The BPP in a mockery of Christmas has prepared and advertised for sale "seasons greeting cards." The cards are filled with inflammatory slogans, depict police as pigs and urge the use of guns, dynamite and hand grenades. We have obtained an assortment of these cards, copies of some of which are attached.

It is recommended that 200 of each of these cards, the samples of which are attached, be reproduced by the Mechanical Section, Administrative Division, and thereafter furnished to selected field offices having BPP activity for anonymous mailing to newspaper editors, public officials, responsible businessmen and clergy. It is important that such persons be made aware of the extreme danger of this militant organization and these cards vividly portray their extremist tendencies.

The reproduction and mailing of the cards will be handled so as to prevent disclosure of the Bureau as the source.

ACTION:

1 REG-47

1. If approved, the Mechanical Section, Administrative Division, to reproduce 200 of each of the three cards.

2. If approved, the Domestic Intelligence Division will provide selected field offices with these cards together with appropriate instructions for the anonymous mailing.

Re Richmond letter to Bureau, 8-12-69.

Richmond has, through investigation, determined that a black nationalist-type group which has to date not adopted a title, exists in Richmond, Va.

Information concerning this group has been reported to the Bureau in Richmond letter to Bureau, 12-22-69, captioned "UNNAMED COALITION BEING FORMED IN RICHMOND, VA., RM-MISCELLANEOUS, OO: RICHMOND", Richmond file 157-2839.

On 12-10-69, it was determined that two members of this group, both convicted felons, each possessed a 12-gauge shotgun in early December, 1969. In connection with these gun violations, Richmond intends to interview the other members of the group and the possibility exists that members of this group will be called to testify before a Federal Grand Jury regarding the gun violations.

During these interviews, Richmond will, of course, remain alert for additional gun violations and other possible violations by members of the groups. Also, Richmond, will remain alert for counterintelligence operations which may prove effective in disrupting organizational efforts of the group. Thereafter, appropriate counterintelligence measures will be submitted for Bureau approval.

BLACK PANTHER PARTY (BPP)

Re Omaha letter to Bureau, 12/15/69.

As noted in referenced letter, the United Front Against Racism (UFAR) has been limited in activity to the sale of "The Black Panther", the official Black Panther Party (BPP) newspaper, the publication of a UFAR newsletter and making plans for starting a liberation school at its Omaha Headquarters in the near future.

Consideration is still being given by Omaha to some type of counterintelligence activity directed against leaders of this organization or aimed at the disruption of the UFAR newsletter or the planned liberation school.

Close attention will be afforded this matter in order to produce effective results and proposals for counterintelligence activity will be submitted to the Bureau by separate communications in the very near future.

Counterintelligence Operations
in Effect Against the Los Angeles BPP

The counterintelligence operation approved by the
Bureau in Bureau letter dated 12/11/69 was implemented on
12/19/69.

Exhaustive interviews of suspected and past members
of the Los Angeles BPP continue in an effort to develop
informants and are serving to create distrust among activists
and the defection of peripheral members.

Counterintelligence Operations
Under Consideration

A survey of toll calls of selected Los Angeles BPP
leaders continues, with the results of these reviews being
considered for counterintelligence proposals.

The Los Angeles Division continues to follow arrests
of members of the Los Angeles BPP for violations of Antiriot and
Gun Control laws to determine if any of these individuals might
be prosecuted under Federal or State laws. Liaison with logical
sporting goods stores and firearms outlets continues in an
effort to identify members of the Los Angeles BPP purchasing
firearms.

I. OPERATIONS UNDER CONSIDERATION

Activities of former members of the BPP in San Diego continue to be followed closely for any potential counterintelligence action. In this regard a news article appeared in the San Diego Union on 12/31/69, reflecting that the BPP in the persons of [REDACTED] have filed suit against the San Diego Police Department charging harassment, illegal arrests, and illegal searches. The [REDACTED] in this action is [REDACTED], who is on the SI of the San Diego Office. A review is presently being made of [REDACTED] file to determine if any public source information is available which describes [REDACTED] activities in behalf of CP activities. If so, an appropriate request will be forwarded to the Bureau concerning a possible letter to the editor and/or an editorial.

Consideration is also being given toward having [REDACTED] Criminal Division, determine if payment received by [REDACTED] local leader of the [REDACTED] is being claimed as income in [REDACTED] income tax forms.

[REDACTED] stated that they [REDACTED] determined that the check submitted for the payment of the Amalite 180 rifle ordered by [REDACTED] was probably signed by [REDACTED]. This individual has also been identified as the roommate of [REDACTED]. As a result of the close association between [REDACTED] the police department feels that any potential prosecution of [REDACTED] for the submission of a check signed in the name of [REDACTED] is practically non-existent. Neither does the police department feel that they can in any way charge [REDACTED] with any type of a forgery violation for his participation in the submission of the check signed in the name of [REDACTED]

III. TANGIBLE RESULTS

As a result of the above information concerning the attempted purchase of a rifle by [REDACTED] [REDACTED] has been prevented from purchasing the weapon, at least temporarily.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

The most interesting development concerning the BPP in the San Diego area at the present time is the fact that [REDACTED] who represent themselves as the BPP in San Diego, have filed suit as previously mentioned against the San Diego Police Department. Discussing the situation with [REDACTED]

[REDACTED]

The situation in Southeast San Diego remains extremely quite and the number of individuals involved with the BPP has now dwindled to six. Of these six individuals, only [REDACTED] are particularly active. No organized meetings as such are being held by the BPP and for all practical purposes it appears to be defunct at the present time.

Efforts are continuing to determine whether or not the US Organization is in fact attempting to infiltrate the various black student organizations on the campuses throughout the area. In the event it is determined that they are in fact attempting such infiltration, appropriate counterintelligence action will be requested.

Re IP letter to Bureau dated 8/29/69.

A succinct summary of Black Nationalist Movement in the Indianapolis Division follows:

A. Nation of Islam (NOI)

The NOI in the Indianapolis Division remains rather constant and stable in the number of members and the activities of the different temples and mosques. There are seven mosques or temples in the State of Indiana, with two of those being numbered, or designated. The two designated are Temple #31 in South Bend, Indiana (the largest in the state with 70 to 80 members) and Mosque #33 at Gary, Indiana, the second largest with approximately 40 members. The third largest mosque is in Indianapolis with 27 members. The other mosques or temples located at East Chicago, Evansville, Fort Wayne, and Muncie, Indiana, each have about five or six members. Each of the temples and mosques averages about four to seven visitors in addition to members attending their meetings.

The NOI has engaged in few activities other than the holding of their regular meetings and the sale of "Muhammad Speaks", their newspaper. The NOI has caused no known trouble in the Indianapolis Division, and they have not been known to propose any violence or be a threat to the peace in the state. While they have not been a problem, the NOI could, at any time, change due to some unforeseen incident and pose a threat although none is evident at the present.

B. Radical Action Project (RAP)

The Radical Action Project (RAP), also known as the Black Radical Action Project, is being moved from their present headquarters at 2264 North Meridian, Indianapolis, Indiana, unless funds are received in the next week or two, as they are not able to pay the rent on their building. The organization has become defunct.

except for [REDACTED]

[REDACTED] the person titled [REDACTED] has secured another position and will seldom be around to help with the bookstore which RAP operates. The bookstore which sells black and Afro-American literature, occupies the time of [REDACTED] when it is open, and the bookstore has now been closed for about two weeks. The bookstore still does not show a profit and continues to accumulate debts.

It is rumored that [REDACTED] may go to Detroit, Michigan, where his father resides, and go into business with his father. If so, RAP will completely be dissolved. If [REDACTED] decides to stay in Indianapolis, he will have to obtain funds which he has been unsuccessful in doing or RAP will be forced to dissolve; thus, either way, RAP appears to be doomed in the very near future.

C. Black Panther Party (BPP)

The BPP in Indianapolis continues to operate from its headquarters at 113 West 30th Street, Indianapolis, Indiana. It is understood the BPP will be forced to move from that location very soon. The present [REDACTED] and the [REDACTED] In addition to those two individuals, they only have about three or four other active members. The BPP in recent weeks has been working fairly closely with various Black Student Union groups or representatives on the college and university campuses across the State of Indiana.

The BPP has been a relatively calm organization in the Indianapolis Division compared to the BPP in other sections of the country, in that they have caused no real problems and have not been involved in any violence to date. It is felt, however, that the BPP continues to be the group in the Indianapolis Division who possess the most potential for violence of any of the Black Extremist groups. The BPP is followed regularly in a bi-weekly intelligence letter.

1. Operations Under Consideration

Inasmuch as Black Nationalist groups have caused little trouble in the Indianapolis Division, it is felt that the most effective method of combatting these groups is by getting to know the individuals involved and letting them know that you are aware of their activities. This can best be done through interviews with all members, both active and inactive, of the different groups. Interviews can serve several purposes; namely, gaining of intelligence

IP 157-761

information, help in selecting someone who has informant potential, and encouraging some persons to drop out of an organization. In addition, it serves to cast suspicion on certain persons interviewed if it is desired to do so, so that the organization may distrust them. Most Black Extremist groups will talk to Agents, although they may not say anything of value, except members of the BPP have been very hesitant to talk with Agents. Attempts to interview them have been of value; however, this serves to make members uneasy and leaders worried about whether they have penetration within their organization. Interviewing members will be continued as it has been the most successful method to date by members of the Indianapolis Division.

2. Operations Being Effected

All support of RAP has been discouraged and reconsideration by the Episcopal Church in New York City, New York of refunding the RAP was discouraged through local sources; thus, causing RAP to become closer and closer to its inevitable end. In the BPP informants have been utilized to obtain orders and correspondence, etc.; thereby, enabling closer scrutiny of BPP activities and leadership. Jealousy among all of the Black Nationalist groups is continually played upon in interviews and discussions with various individuals and leaders of the different groups helping to keep the various groups from uniting their efforts. This has been successful and is felt one of the largest reasons that the Indianapolis Division has not seen more violence and threats from the Black Nationalist groups to date.

3. Tangible Results

RAP is drawing closer and closer to its dissolving and has become completely ineffective in the Black community. The NOI has caused no problems to date and have remained essentially the same strength without being able to make any large accomplishments in growth or any other area. The BPP now has only about five active members with no large support from the Black community or from other Black Militant groups; as a result, everything they have done has been discouraging to the BPP. Funds have been hard to secure and getting anyone to come to one of their rallies gets more and more difficult.

4. Developments of Counterintelligence Interest

None other than those listed above and those reported in the bi-weekly intelligence letter concerning the BPP.

Re Philadelphia letter, 10/2/69. and Bureau letter, 10/14/69.

For the information of the Bureau, shortly after the dates of the referenced letters negotiations were commenced between the owners of the Philadelphia Inquirer for sale of that paper to Knight Publications. That sale was subsequently made, and Philadelphia deemed it advisable to withhold any article suggestions in abeyance so that editorial policy might be observed and any change noted.

Also in the interview, the police raids in Los Angeles and Chicago have prompted national and local articles suggesting a possible national conspiracy to destroy the BPP by local and government agencies. Also the memorial service for those Panthers slain in Chicago has been held in Philadelphia and reported in the papers here as reported to the Bureau, with support offered to the BPP here by several white organizations.

Because of the above, further consideration of the Philadelphia suggestion contained in re Philadelphia letter has been deferred. It is felt that such action at this time could possibly have an adverse effect or conceivably result in embarrassment to the Bureau

Accordingly, Philadelphia is not pursuing this suggestion at the present time. In the event that circumstances arise where such action might appear particularly productive, Philadelphia will reconsider and submit the appropriate recommendations.

ANALYSIS OF PUBLICATIONS

Articles appearing in Volume 2, Issue Number 15, of "The Voice of the Black Community" (VOBC), dated December 12, 1969, of Intelligence interest are as follows:

An article appearing on page 1 of VOBC entitled "U.S. OUT TO GET PANTHERS", alleges that the imprisonment, exile and death of Panther Chieftains is "nothing more than Richard M. Nixon attempting to destroy the national and state level Black Panther Party leadership". The article states that U. S. officials are recruiting law enforcement agencies across the nation to remove Panther leaders from the streets. For proof, the article cites instances such as HUTTON, killed by police in Oakland, California, NEWTON, Minister of Defense, in prison convicted of killing an Oakland policeman, CLEAVER, Minister of Information and author of the best selling "Soul On Ice", fugitive in exile, etc..

An article appearing on page 3 of VOBC, entitled "ECF House Closed", stated that the Effective Community Force Culture House has been closed. The article goes on to say that "Whitey is at it again." The article goes on to say that "one day last week a white policeman and a building inspector reportedly came to inspect the Culture House. They did this regardless of the fact that it had been previously inspected and approved for opening to the public. They managed to find several things which they deemed to be sufficient to close the House". The article then states that "the reasons behind this attempt to close the House are evident. First, the ECF which operates it, is a group of black young men. Second, the House sports, among others, a picture of Black Panther Eldridge Cleaver. The picture alone has reports have it, brought out the FBI who were taking pictures and it is believed have tapped the organizations phone."

An article appearing on page 4, of the VOBC entitled "UNITED FRONT NEWS RELEASE CAIRO" contains a report attributed to [REDACTED]

The article states that "the United Front believes the fire and shootings" which has resulted in the destruction of three black businesses in the past three days in Cairo, "came from the white community, both in retaliation for the 100% effective economic boycott of downtown retail stores by the Blacks and out of frustration toward the steady positive progress being made, socially, spiritually, economically, and

politically by the United Front." The article also states that "Leaders of the Front have responded to charges by [redacted] that Blacks started the shootings and were the only ones firing, by listing several eyewitnesses and observers who saw whites firing towards Pyramid Court and who declare that the whites began the shootings." The article contains a quotation [redacted] as incompetent in Alton. He was forced to leave town. During the six months he has been in Cairo, he, even though he has had the help of county and state law-enforcement agencies, has not solved one shooting, one fire or any of the major outrages committed by whites against the Blacks." The article also states "The only thing he has done since being here was to resign," and that the Blacks will never know justice and no one will ever be brought to trial for these atrocities against Blacks as long as he is in office.

Articles appearing in Volume 2, Issue Number 16, of "The Voice of the Black Community", dated Friday, December 19, 1969, of Intelligence Interest are as follows:

An article appearing on page 1, cites an instance of alleged discrimination. The article states that the Mutual of Omaha Insurance Company which is located at 111 East Decatur, Decatur, Illinois, refuses to hire black women to work in an all white office. The article states that [redacted] Snelling and Snelling Employment Agency, found that Mutual of Omaha Insurance Office would not give interviews after noting that a double O on the application meant a black applicant. The article states that a civil rights team has been called into the city from Chicago and expected to arrive some time the next week. The article also states this is just one of the many cases of discrimination occurring in Decatur each day.

An article appearing on page 6 of VOBC is entitled "CHAIRMAN BOBBY WRITES FROM A KANGAROO COURT". This article is an open letter from BOBBY SEALE. He states he is writing this letter to the people of the United States from the U.S. District Federal Court, Northern District of Illinois, presided over by Judge JULIUS H. HOFFMAN. This article will not be reviewed in detail due to the diversity of points and length. In general the article contains allegations that the trial is an attempt to "railroad" BOBBY SEALE and other defendants who are organizers against the war and other acts of aggression against the poor, oppressed peoples in America. The article also alleges that the trial is being run from the top, referring to President RICHARD NIXON. The article also alleges that everyone knows that the CIA and FBI are plotting "90 miles an hour and doing everything they can to see to it that Black

Panther Party members are railroaded into prison or killed or rather murdered".

Articles appearing in Volume 2, Issue Number 17, Monday, December 29, 1969, are as follows:

An article attributed to [REDACTED] appearing on page 5, states that FRED HAMPTON, 21, Chairman of the Illinois Chapter of the Black Panther Party was shot and killed in his bed on December 4th, by Illinois state's attorney's police. The article also says that four of the Panthers were wounded and Panther Defense Captain MARK CLARK of Peoria, Illinois, was murdered.

The article prints the story told by [REDACTED] and then states that the author of this article went to the apartment twelve hours after the slaying took place and made his own determination. The author states that there was no evidence in the apartment that Panthers had fired. He states that there was one bullet hole going into the front door and that the bullet holes in HAMPTON's bedroom were from the effect of bullets which were shot through that wall from an adjoining bedroom. The article also states that if it was a pitched ten minute gun battle as the police claimed it was amazing that only two "cops" were injured, one struck in the right hand by flying glass, the other grazed by a shotgun pellet on the left leg.

The article also contains statements by [REDACTED] who called the battle "another search and destroy mission" and "that this vicious murder of Chairman Fred and Clark was implemented by that dog Nixon and Hanrahan and all the rest of the pigs. Hampton never fired back when the pigs came into his back room and shot Fred in the head. He couldn't have fired back because he was asleep."

ReSFairtel dated 12/22/69 entitled "Black Panther Party - Buffalo Division, RM - BPP."

Reairtel sets forth information indicating that one [REDACTED] (phonetic) was in contact with the Circulation Manager of the Black Panther Party (BPP) newspaper in San Francisco on 12/18/69. [REDACTED] was described as a [REDACTED] in a Rochester, New York, school. He indicated that he had been successful in persuading the school to pay his future subscriptions to the newspaper. Toward this end the principal, a [REDACTED] (phonetic) promised to submit a check in the amount of \$102. The school in question is located at 1801 Main Street East, Rochester, New York.

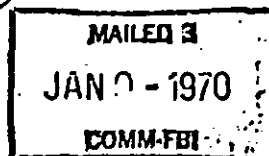

You should immediately submit recommendations for counterintelligence action to exploit this situation and in an effort to prevent the use of school funds to support the BPP newspaper. It is difficult to imagine that such funds will be forthcoming if the school board, concerned citizens, and involved tax payers are aware of their use.

This matter should be given prompt attention and no counterintelligence action should be taken without Bureau authority.

Re IP letter to Bureau, 12/29/69.

Utilization of the services [REDACTED] for counterintelligence purposes has been continued with [REDACTED]

To accompany use of informant an attempt to interview all members within the next two weeks is being considered. Those interviewed will include several persons who have only indicated an interest, and attempts to explore their potential for development as an informant will be made and if no potential is evident, all attempts to discourage any activity on their part will be exerted.

The BPP in Indianapolis has very few members; in fact, only about five active members at the present time. It is felt that if new members can be discouraged, the BPP will continue to have very little influence or respect in the black community. Since they are presently seeking new members, interviewing those presently considering membership with the BPP, will cause those persons to be scrutinized by present BPP leaders when learned they were contacted by Agents. It is hoped this will serve to cause further distrust among members in the organization.

Re [REDACTED] at Detroit,
dated [REDACTED] captioned, [REDACTED]

Referenced report and previous communications to the Bureau under the caption, "League of Revolutionary Black Workers" and "Cointelpro - BPP" have pointed out that the League of Revolutionary Black Workers (LREW) has been receiving funds from the Inter-Religious Foundation for Community Organization (IFCO) to date totaling \$8,500.00. This money has apparently been squandered in the form of cash withdrawals on the Dodge Revolutionary Union Movement (DRUM) account written [REDACTED] and apparently for personal use.

Detroit believes that a letter directed to the Internal Revenue Service (IRS) Intelligence Division of the Detroit Region pointing out this use of funds by [REDACTED] might possibly result in the IRS's auditing of [REDACTED] personal income tax return and may possibly result in the determination of a fraudulent return filed by [REDACTED]

It is also possible that the fact situation as presented will constitute other IRS violations by the LREW or IFCO.

Bureau permission is requested to advise the local Intelligence Division of the IRS of the funds and their disposition in the DRUM account at the Bank of the Commonwealth.

Counterintelligence Operations in Effect Against the Los Angeles BPP

The counterintelligence operation provided in referenced Bureau airtel was placed in effect on 12/30/69.

Exhaustive interviews of suspected and past members of the Los Angeles BPP continue in an effort to develop informants and are serving to create distrust among activists and the defection of peripheral members. *AK*

Counterintelligence Operations Under Consideration

A survey of toll calls of selective Los Angeles BPP leaders continues, with the results of these reviews being considered for counterintelligence proposals.

The Los Angeles Division continues to follow arrests of members of the Los Angeles BPP for violations of Antiriot and Gun Control laws to determine if any of these individuals might be prosecuted under Federal or State laws. Liaison with logical sporting goods stores and firearms outlets continues in an effort to identify members of the Los Angeles BPP purchasing firearms. *1571*

Alexandria requests Bureau permission to contact Arlington County Commonwealth Attorney WILLIAM HASSIN, with whom the Alexandria Office has established good rapport for the purpose of making known to him [REDACTED] recent conviction, with the hope that [REDACTED] will receive a sentence on his original conviction for loitering. It is believed that should he be given a jail term on the original charge, coupled with the recent conviction, these may constitute basis for his dismissal by the U. S. Post Office.

Although the Arlington, Va. chapter of the Black United Front cannot be classified as a hate-type group, they have unsuccessfully attempted to stir up racial hostilities in the Arlington, Va., area, particularly where the police are involved. It is hoped that another conviction for [REDACTED] and dismissal by the Post Office would result in [REDACTED] being discredited in the eyes of local Negroes, lessening his chances of gaining any following in Arlington.

Enclosed for the Bureau are 4 copies of a letter (Obscene) prepared by the SL Division under captioned program.

BACKGROUND

[redacted] who has recently been recommended for inclusion on the SL, considers himself the leader of the Weatherman faction of SDS in the SL area. Reliable sources have advised that [redacted] has little support and there is no Weatherman organization or Weatherman meetings in the SL area. [redacted] did participate in the October 8-11, 1969 Weatherman demonstrations in Chicago, Ill., and was arrested 11/15/69, in Washington, D.C., during Moritorium activities, and advised SL sources that he attended the Weatherman National Council Meeting in Flint, Michigan, 12/69. On 12/16/69, [redacted] "debated" a member of the John Birch Society at a local SL community college during which "debate" [redacted] espoused the standard Weatherman philosophy of liberation through struggle.

[redacted] parents were interviewed during a ARL investigation re [redacted] at which time it was observed that [redacted] parents expressed liberal viewpoints and generally condoned their son's activities.

The ACTION Guerilla Force is the youthful arm of ACTION, a local Black Activist Group, whose members engage in acts of civil disobedience and disruption.

The Guerilla members are expected to participate in vandalism and other acts of harrassment against firms which ACTION regards as "white racist institutions". Most ACTION Guerillas are sons of ACTION adult members and have juvenile criminal records.

RECOMMENDATION

SL proposes to mail the enclosed letter to [REDACTED] using commercial paper and envelope, at his home which is also his parents residence, [REDACTED]

It is anticipated this mailing would accomplish the following results:

1. Make [REDACTED] question further the possible "support" for the Weatherman in SL.
2. Allow [REDACTED] parents (who appeared to be very protective of their only son) to consider the possible results of [REDACTED] activities.

If [REDACTED] should contact ACTION re the letter the mailing would probably have the additional benefit of creating doubt and mistrust between ACTION -which would deny sending the letter but which could not be certain it was an act of an individual member, and any potential strength the Weatherman have in SL.

Sacramento has no accomplishments to report for the past two-week period and has no counter-intelligence measure under consideration.

Logical counterintelligence measures against the BPP cannot be developed in view of that group's almost complete lack of activity in this division at this time. The matter is being followed closely, and any logical counterintelligence measures will be submitted to the Bureau for approval.

Background

On 1/6/70, the CBS Television Network carried a program "60 Minutes" wherein MIKE WALLACE made a presentation of the Black Panther Party (BPP). Portions of this presentation showed the BPP in a bad light.

Suggestion

It is suggested that the Bureau give consideration to attempting to obtain pertinent parts of the film for the above described program. This film could be made available to the field for presentation before police schools or for briefing of police on the threat of racial extremists and racial violence.

Effect

Such a film could have a favorable effect in that use of it before interested police groups would let the BPP convict itself.

Reurlet 1-23-70.

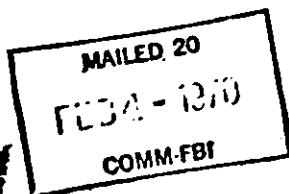

The Bureau appreciates your suggestion in connection with the CBS television program "60 Minutes" but believes the Black Panther Party film "Off the Pig" previously provided the Field for police training is very adequate, and the CBS film has actually very little new to add.

CAF:plm
(8)

NOTE:

Portland Office suggested that copy of CBS TV film "60 Minutes" be obtained and made available to the Field. Secret Service has subpoenaed the film and considering prosecution of Eldridge Cleaver, national Black Panther Party Minister of Information and a fugitive residing outside the United States, because of his statements on the program. Secret Service received unfavorable press publicity from CBS as a result of the subpoena, and we should have nothing to do with asking a favor of them (CRS)

RACIAL MATTERS

To counteract any favorable support or publicity to the Black Panther Party (BPP), recipient offices are requested to submit their observations and recommendations regarding contacts with established and reliable sources in the television and/or radio field who might be interested in drawing up a program for local consumption depicting the true facts regarding the BPP.

The suggested program would deal mainly with local BPP activities and data furnished would be of a public source nature. This data could be implemented by information on the BPP nationally if needed. As all offices realize, this would have to be handled on a most discreet basis and only with proven contacts.

The Bureau will consider recommendations submitted and no contacts should be made in this matter without prior Bureau authority.

All offices should give this matter their prompt consideration and submit replies by letter.

The United Front Against Fascism (UFAF) is the only BPP affiliated organization presently active within the Omaha Division. At present the only known source of income of the UFAF is money derived through the sale of the Black Panther newspaper which arrives in Omaha weekly via United Airlines.

Contact is presently being maintained with United Airlines to ascertain if a regular pattern exists for the pickup of this newspaper by a known UFAF member to whom these papers are consigned. As soon as this pattern is established, Omaha contemplates initiating counter intelligence measures aimed at disruption of the distribution of this newspaper.

A proposal for such counter intelligence activity will be forwarded the Bureau by separate communication at an early date.

Re Indianapolis letter to Bureau, 1/12/70.

For the purpose of counterintelligence against the Black Panther Party (BPP), several of the members of the Indianapolis Chapter, including the chairman, were interviewed. The interview with the chairman served little value from an intelligence viewpoint, but it did arouse their curiosity as to why they were being interviewed. It also served to scare several individuals and to cause the leaders further fear that some member might talk.

In addition to interviewing members, a surveillance was placed on BPP Headquarters on a particular day when it was known through informants that a trip was being planned by three or four of the leaders. The surveillance was purposely conducted indiscretely so it would be observed by the BPP. The surveillance was made as hoped and as a result the members called off their trip and fully expected a raid on their headquarters. Informants advised that the BPP leaders were extremely scared by the surveillance and even called the Chicago BPP Chapter advising them that they felt they were about to be raided.

For such counterintelligence purposes, possible future surveillances of individuals and of Headquarters may be considered as a result of positive results from the above.

ReBulet to San Francisco et. al. 1/23/70.

At the present time San Diego is in the process of reviewing and selecting representative examples of cartoons done by [REDACTED] which appear in the BPP newspaper. Consideration has been given toward compiling these cartoons in a booklet with an appropriate cover-introduction page for possible distribution to various influential businessmen and/or civic groups.

Utilization of such a booklet along with appropriate explanations on the part of the individual presenting the cartoons might be well received and utilized by such news commentators [REDACTED] respectively. Both of these channels are received and widely viewed in the San Diego area.

For the information of the Bureau, San Diego contacts and/or sources within the television and radio fields are not considered sufficiently discreet to entrust with a program of this nature. San Diego is making concerted efforts to establish a source within the news media which could be utilized in this regard.

Upon completion of the above-mentioned booklet, however, distribution to local San Diego newscasters could be included in the request submitted to the Bureau. This distribution, of course, would be on an anonymous basis.

The extent of, or total scope of the proposed program discussed in referenced letter is not clear. It is pointed out to the Bureau that the BPP newspaper is a wealth of information concerning characterizations, aims and purposes of the BPP. This of course is all public source information.

In regards to potential programs to be presented by various news commentators, Bureau evaluation is requested and directed toward the consideration of making the BPP film "Off the Pig" available to this media. This movie has been shown rather extensively to members of law enforcement agencies through the Racial Briefing Program being conducted by the Bureau. It is felt that by making this film available to the general public through selected business and/or civic clubs, or possibly the news media, would be very beneficial in forcibly driving home the stated aims and purposes of the BPP. Presentation to such groups as the Kiwanis, Rotary, American Legion, etcetera, would possibly be much more beneficial than the presentation of this film to local law enforcement agencies. The Bureau's evaluation in this regard is solicited. If the Bureau is receptive to such showings, it is requested that San Diego be so advised and appropriate specific requests will be submitted.

The Bureau is constantly alert for situations in which it can utilize audio and visual aid material effectively in connection with captioned program. The suggestion set forth in relet concerning the showing of the film "Off the Pig" to individuals is too general for consideration. Reference New York airtel and letterhead memorandum 1/14/70 and New York teletype 1/22/70, bearing respective captions "Black Panther Party; Racial Matters" and "BPP Racial Matters; INLET."

Referenced communications set forth data with respect to a party given at the home of [REDACTED] in New York, which was attended by a number of socially prominent individuals. The purpose of this party, which was attended by representatives of the Black Panther Party (BPP), including [REDACTED] was to raise funds for the legal defense of BPP members. Information contained in referenced New York teletype 1/22/70, indicates that as a result of the above function, the BPP realized \$12,000, which the BPP apparently intends to use for purposes other than for which it was solicited.

In view of the above, New York is instructed to give this situation close scrutiny and to submit to the Bureau an appropriate counterintelligence proposal.

New York should take no affirmative action with respect to the above proposal without specific Bureau authority.

Enclosed for the Bureau are three caricatures directed against the BPP.

The purpose of the caricatures is to indicate to the BPP that the US Organization considers them to be ineffectual, inadequate, and is vitally superior to the BPP.

One caricature depicts [REDACTED] BPP official in Los Angeles, as mistreating a small Negro child. This cartoon was inspired through the recent kidnapping of a small Negro child by [REDACTED]. The caricature is designed to attack [REDACTED] and the BPP in general as being extremely overpowering as far as women and children are concerned.

The second caricature is inspired by the recent Los Angeles Police Department raid on US Headquarters in that city. The purpose of this caricature is to indicate to the BPP that the US Organization feels the BPP is responsible for and actually instigated the raid on US Headquarters.

The three incidents depicted are:

1. A Los Angeles Black Panther leader earlier this month was involved in the "kidnapping" of the two-year-old son of a Negro who had cooperated with law enforcement.
2. Early on 1-1-70 Los Angeles Police entered the headquarters of US Incorporated after being fired upon by two Negro men.
3. The feuding between the leaders of the two groups have been publicized in press releases as well as articles, editorials, and caricatures in the Black Panther Party newspaper.

The leaders and members of both groups are distrusted by a large number of the citizens within the Negro communities. Distribution of caricatures is expected to strengthen this distrust.

Bishop Interrupts N.C. Diocese Support To National Church Unit

In the midst of a financial crisis brought on by parishioners' reaction to the national Episcopal Church's \$15,000 grant to Malcolm X Liberation University in Durham, the bishop of the North Carolina Diocese has temporarily withdrawn the diocese's support of the national church.

Bishop Thomas A. Fraser has informed Leon E. Modeste, director of special programs for the national General Convention, that the withdrawal of support will stand until the diocese's Convention meets in Salisbury Jan. 20-21.

He told Modeste "the whole picture of involvement of the diocese in the national church situation" will be considered at the Salisbury convention, and that, "At the present time, we are sitting short of meeting our diocese's church's program budget."

Financial deficits in individual churches and diocesan budgets are reported throughout the nation as a result of the church's Urban Crisis Program grants. Including the \$15,000 grant to Black separatist Malcolm X Liberation University, and a \$200,000 grant to the National Council of Black Churches by the Episcopal General Convention Special Program.

The Malcolm X grant has been felt in the Every Member

fund census just conducted by Durham Episcopal churches, with many parishioners' refusing or restricting their pledges or not making them at all.

At least one church here is known to have eliminated the post of assistant rector because of a lack of funds.

Fraser told Modeste, "We are faced with drastic cuts in our diocesan program and in our grants to the national church."

He said it is impossible to draw up a budget for 1970 "since many of our grants accepted are tentative, some acceptances have been reduced or withdrawn and others are dependent upon our Diocesan Convention" this month.

"We cannot determine the extent of our deficit in spite of vigorous efforts . . . to arrive at a firm figure," Fraser wrote Modeste.

"If we eliminate the national church almost completely the diocesan program can survive. If the diocese shares the deficit with the national church, the support of our own urban crisis program, St. Augustine's College, St. Mary's Junior College and our summer conference centers are highly threatened."

Fraser has also been refused a copy of the Malcolm X project's grant application and of the General Convention staff field appraisal of it, as re-

quested by the North Carolina Diocesan Council in October.

In correspondence to all clergymen and senior warden in the diocese, Fraser said he feels the handling of business involving Malcolm X Liberation University "violates 'simple management procedures'" and that Modeste's action in refusing reports on the grant puts the diocese in "an impossible position in providing leadership for that program in the diocese."

Fraser wrote Modeste, "At the advice and with the consent of standing committee, I must give notice that as bishop of North Carolina I cannot further support the procedures of the General Convention Special Program without a full copy of the application by the project to the General Convention Special Program and a copy of the staff field appraisal, as requested by our Diocesan Council on Oct. 31, 1969."

"The history of this diocese has been one of full cooperation with the national church. We regret the necessity of this action but it must stand until Jan. 20-21 when our Diocesan Convention meets."

Fraser said the coming convention will be "decisive" in determining "the diocese's relationship with that of the national church organization."

common to Panther rhetoric, would be prepared to suggest participation by active and past members of the Los Angeles Black Panther Party (LA BPP). The selection of the organization's name is an arbitrary one which lends itself to a future display of the group's growth if the response warrants. The necessity for the anonymity of the underground organization could be explained, if necessary, as an imperative precaution in view of the past acts of violence and retaliation executed by the LA BPP.

It is anticipated that this counterintelligence proposal could serve as one phase of a continuous attempt to deny unity of action in the effort of the LA BPP by calling to question the actions of the organization and the legitimacy of its leadership.

It is felt that the production and distribution of these leaflets could be such that the identity of the FBI as the source of the proposed organization could be effectively concealed.

In this respect, Bureau approval is requested in the preparation and dissemination of leaflets similar to the enclosed in the vicinities of 4115 South Central, 9818 Anzac, and 1810 East 103rd Street, locations of BPP activities in Los Angeles. It would be the intention of the Los Angeles Division to distribute leaflet No. 2 seven to ten days following the introduction of leaflet No. 1, as any follow up should not only make the effort a topical one, but stimulate increased reaction within the Los Angeles BPP.

Operation Number One is designed to challenge the legitimacy of the authority exercised by [REDACTED] for Southern California, and [REDACTED] an active member of the BPP in Los Angeles.

Operation Number Two is utilized to publicize the illicit sexual activities allegedly encouraged and engaged in by [REDACTED] of Information for Southern California, and [REDACTED]

active member of the BPP in Los Angeles. The names of ex-Panthers [REDACTED] are used in view of their statements about being used for the hungers of [REDACTED]

It is intended that during early morning hours a Negro agent assigned to the Los Angeles Division, attired in a fashion appropriate for the locality, will select and pay a small sum to a Negro youngster who will be asked to place the leaflets in doorways and on automobile windows in the vicinity of the locations previously indicated.

SUBJECT: COUNTERINTELLIGENCE MATTERS
BLACK PANTHER PARTY
RACIAL MATTERS

Recommended that selected offices handling major chapters of the extremist Black Panther Party (BPP) be contacted and their recommendations obtained regarding reliable and trustworthy contacts in the television and/or radio media who might be interested in the preparation of programs on the BPP.

Letters to the Attorney General dated 1/15/70 and 1/20/70 advised him of adverse reaction of the BPP to the Columbia Broadcasting System television program "Sixty Minutes" which devoted a segment of its 1/6/70 program to the BPP. New York has recommended that the Bureau may wish, through its liaison with national media, to encourage programs wherein the BPP can be seen in its true light.

The BPP has been getting support and financial contributions from misguided individuals who apparently are unaware of the true nature and motives of this violence-prone group. We have been attempting to counteract this and to expose the BPP for what it is through our mass media program in which the true facts regarding this organization are made known to selected news media contacts. In our counterintelligence program we have been very successful in the Miami, Florida, area in having two television programs shown locally on the extremist Nation of Islam and on white hate groups. This was handled by our Miami Office through a reliable contact. These programs were favorably received by the viewing audience and showed the extremist groups involved in their true light.

Rather than dealing with national media contacts, it is believed we should check with selected offices handling BPP matters and obtain their observations and recommendations regarding the preparation of television and/or radio programs on the BPP through established contacts locally. They will be instructed to make no contact at this time without prior Bureau authority. Any concrete proposals set forth by the offices will be made the subject of separate memoranda before any action is initiated.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(HARAMBEE BOOKSTORE)
(REPUBLIC OF NEW AFRICA)

Re Pittsburgh airtel and LHM dated 12/17/69,
captioned "Harambee Bookstore, RM."

Referenced LHM set out that the Harambee Bookstore, 610 North Homewood Avenue, Pittsburgh, conducts a "topographical tour" by black youths who present lecture material which relates to a purported plot by the white man to continue the suppression of blacks, commit genocide against blacks and imprison blacks in concentration camps and who attempt to brainwash visitors into believing there is a conspiracy by the white race to keep blacks confined in ghettos, also that the Republic of New Africa (RNA) was headquartered in the bookstore. Information has been recently received that the RNA has been temporarily dissolved in Pittsburgh because of conflicts between leaders which conflicts apparently are similar to dissension occurring between national leaders of the RNA.

As a counterintelligence measure to counteract the propaganda effect of the bookstore and to possibly heighten antagonism between Pittsburgh RNA leaders, Pittsburgh proposes the following action:

2-Pittsburgh

[redacted] an established and reliable source at the [redacted] will be contacted. Information concerning the "topographical tour" and the type of material displayed by the Harambee Bookstore will be called to his attention. It will be suggested to him that he may desire to call this matter to the attention of [redacted] of the organization "Another Side" and determine if [redacted] might desire to prepare an article exposing the bookstore in his group's newsletter of the same name. [redacted] is editor of the newsletter and has in the past written articles critical of Negro militants.

It is believed that such unfavorable publicity may further strain the relationship between the leaders of the RNA and thus prevent reactivation of the RNA at Pittsburgh.

Information concerning "Another Side" was furnished to the Bureau by Pittsburgh letter dated 7/24/69, captioned "First Annual Convention of Negro Moderates, RM." 157-639-1926

[redacted] will be cautioned that absolutely no mention is to be made to [redacted] of any Bureau interest in this matter.

No action will be taken without Bureau authority and the Bureau will be advised of any tangible results.

Dear Mr Hoover :

Some weeks ago, a tape made at Harding Collège, in Black Natl
Arkansas came into my hands for copying. As I listened Hate
from the standpoint of a radio newsman -- it seemed from Group
a production standpoint the tape should be improved and
shortened, and for my personal purposes I made such a
tape. The contents, which involved the Black Panther
Conference held last July at Oakland, were so frightening
and terrible, that I made my tape to play to friends in
the news field, who still tolerated the Black Panthers
as a sort of 'civil rights group'.

Many people have listened to it, and I have had requests for copies which have been played before church and student groups. They were shocked at the tape, for while the press does a thorough job in circulating doubtful and apparently irresponsible allegations about a police plot against the Panthers -- there seems not many ready to report on just what kind of menace this organization is.

Among those who heard my tape was Mr Clark Mollenhoff from the White House. He asked me if I had sent a copy to the Bureau. I told him that I had not, for it seemed so presumptuous on my part to sent a tape of something which the FBI knows more about now than I will in a decade. However, having just read MASTERS OF DECEIT during an illness -- I recall your admonition the better to call you too often than not enough. Also, it seems to me that possibly in this form, you might care to play the tape for someone. If you have any use for the program at all, FEB 2 1970

II. OPERATIONS BEING EFFECTED

On 2/2/70, [REDACTED] San Diego, California, advised that he is scheduled for a meeting with his supervisor and at that time will attempt to follow through with his investigation to determine if US Incorporated is in violation of the Income Tax Statutes.

Bureau approved requests for "vacation rates" for both the private phone of [REDACTED] and US Headquarters in San Diego, has been attempted.

The above attempt, as per Bureau instructions, was conducted with the utilization of the name [REDACTED]. When the clerk at the telephone company was requested to place "my telephone" on vacation rates, the telephone employee requested that the caller wait for a moment while she pulled the files. When she returned, she advised that she was sorry but it would not be possible for her to place the telephone on vacation rates due to the fact that an outstanding bill of \$161.91 had not been paid. She also stated there was a notation in the file that previous requests had been made by the telephone company to satisfy the bill and inquired as to whether or not it had as yet been satisfied. She was advised that it had been paid and stated that as soon as the telephone company received verification of payment from the pay station at which the bill was paid, they would consider the request for placing the phone on vacation rates.

In view of the above, it was not possible to effect the vacation rate schedule for either the private or business telephone of [REDACTED]

No results have been observed concerning the mailing of the BPP "Season's Greetings" cards.

III. TANGIBLE RESULTS

In keeping with the Bureau's policy of disruption of the BPP during an interview of [REDACTED] of [REDACTED] members, on 1/28/70, it was noted that the vehicle belonging to [REDACTED] of the BPP, was parked in front of [REDACTED] residence. She was queried concerning this vehicle and replied that [REDACTED] had left it in front of her home four or five days previously and was personally unhappy over its being parked there. [REDACTED] is extremely upset over the BPP in general, primarily because [REDACTED] has been threatened by [REDACTED]. It was suggested to [REDACTED] that she might wish to lodge a complaint with the San Diego Police Department in view of the fact that San Diego has a city ordinance which precludes the parking of a vehicle on a city street for a time in excess of five hours.

On 1/29/70, a spot check of the [REDACTED] residence revealed that the vehicle belonging to [REDACTED] had been ticketed by the police Department. On 1/30/70, [REDACTED] telephonically contacted the San Diego Office to advise that [REDACTED] was at that time en route to Los Angeles where she will establish residence. [REDACTED] was asked about [REDACTED] vehicle and advised that the police department had originally ticketed the vehicle and on 1/30/70, had impounded the vehicle.

The extent of effectiveness of the Counterintelligence Program in San Diego cannot be specifically determined, however, it is felt that this program contributed substantially to the demise of the BPP in San Diego.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

All informants in the San Diego area report that the BPP in San Diego is no longer in existence. They report that the BPP is not holding meetings, does not have a headquarters any longer, and is not sponsoring any type of activities. There are, according to informants, only three individuals who could even be considered former members of the BPP and these individuals meet on more of a social basis than anything else.

The US Organization in San Diego has not conducted any type of activities whatsoever aside from the usual "black cultural" activities such as boot dancing demonstrations.

Informant coverage is being maintained and increased concerning the BPP in view of the possibility that they may once again attempt to become active.

It was learned, additionally, that the area of 1435-37 Fairmont Street, N.W., is not zoned to permit a school or community center. In order to receive an occupancy permit, the CBE would have to apply for and receive a change in the zoning regulations for the area. No petition to change the zoning regulations has been applied for or received by the CBE. *am*

With respect to the above, WFO proposes that the Department of Licenses and Inspections of the D.C. Government be confidentially appraised of this information. They in turn could then advise officials of the CBE that they are in violation of permit regulations. The CBE would *1614*

In view of the fact that current Black Panther Party (BPP) letterhead stationery is not available at this time and due to the increased publicity of BPP cries of repression within past weeks, the Bureau feels that no action should be taken at this time on the counterintelligence proposal of sending expulsion letters to a large number of BPP members.

When your office can obtain a copy of the current BPP letterhead stationery, you should resubmit your recommendation in this regard but limit it to sending expulsion letters to a few selected individuals rather than a mass expulsion letter to numerous individuals. Your interest in submitting this proposal and desire to institute it at this time is appreciated, but for the reasons set forth above, it is believed that the proposal should not be used at this time.

Counterintelligence Operations in Effect Against the Los Angeles BPP

The counterintelligence operation proposed in referenced Los Angeles letter dated 1/28/70 will be held in abeyance pending Bureau approval.

Exhaustive interviews of suspected and past members of the Los Angeles BPP continue in an effort to develop informants and are serving to create distrust among activists and the defection of peripheral members.

Counterintelligence Operations Under Consideration

A survey of toll calls of selective Los Angeles BPP leaders continues, with the results of these reviews being considered for counterintelligence proposals.

The Los Angeles Division continues to follow arrests of members of the Los Angeles BPP for violations of Antiriot and Gun Control laws to determine if any of these individuals might be prosecuted under Federal or State laws. Liaison with logical sporting goods stores and firearms outlets continues in an effort to identify members of the Los Angeles BPP purchasing firearms.

To advise of receipt of a 30 minute tape recording containing excerpts of revolutionary statements by black extremists and communists made at the National Conference for a United Front Against Fascism sponsored by the Black Panther Party (BPP) and held in Oakland, California, 7/18-20/69. The tape could be extremely effective in offsetting the slanted reporting of the liberal press concerning communism and extremism if copies were made available on a selective basis to influential civic leaders, newsmen and educators. This is to obtain authority for such use.

The tape was prepared by [redacted] Valley Forge, Pennsylvania. In addition to BPP speakers, others included communist Herbert Aptheker who noted the Director has denounced the BPP. Notorious communist Archie Brown stated the working class will lead the way to a takeover of the government. [redacted] tape highlights the more revolutionary statements. The tape has been reviewed and found to be authentic. It is noted that independently our San Francisco Office was able to tape the entire twenty hour proceedings.

The tape contains opening and closing remarks in which [redacted] openly identifies himself. By letter 1/8/70 [redacted] furnished the tape to the Bureau and advised the tape has been played to many people, including church and student groups, who were shocked. The Director by letter 1/16/70 thanked [redacted] for the tape and expressed appreciation for [redacted] kind comments. [redacted] said he made the tape to play to friends in the news field who still tolerate the BPP as a sort of "civil rights group." Referenced San Francisco airtel set out information indicating an [REDACTED]

[REDACTED] on 12/18/69 was in contact with [REDACTED] in San Francisco. The purpose of this contact was to advise [REDACTED] the Rochester, N.Y., School System would soon be sending a check in the amount of \$102.00 for BPP newspaper subscriptions.

Buffalo is submitting the following counterintelligence proposal which, if authorized, could possibly result in the canceling of the subscriptions to the BPP newspaper or in banning future subscriptions to the newspaper at taxpayers' expense. Further, it would focus attention on [REDACTED] Rochester, so as to deter him from implementing black extremist literature and philosophy into the Black History curriculum of the Rochester, N.Y., Public School System. The proposal would be in the form of an anonymous letter from a black educated and concerned parent. The letter would be mailed to appropriate responsible community leaders who, in turn, it is expected, would exert pressure and influence to eliminate any use of BPP literature at taxpayers' expense from being available in the Rochester School System. This letter would read as follows:

It is bad because it can influence my son in a way which is exactly the opposite of the way our son is being raised. I am talking about this Panther Party newspaper which preaches violence and hate that is available at East High School. When I called the school to find out about this paper, I was told that [REDACTED], a teacher at East, was authorized by the Board of Education to get 15 to 20 Panther Party papers each week sent to the school at the school's expense. I don't like the idea of spending our tax money for such trash that can poison the minds of our kids and possibly lead to more violence between the races. Our racial problem can be solved, but certainly not by reading the Black Panther Party newspaper.

Re Bureau letter to San Francisco, 1/23/70.

The State of New Jersey, because of its small size and corridor position between New York and Philadelphia, has no television or major radio stations with operations originating in the state. Northern New Jersey is served by New York stations and southern New Jersey by stations in Philadelphia. *jo*

In order to reach a significant and pertinent portion of the New Jersey listening and/or viewing audience, a program depicting the true facts concerning the BLACK PANTHER PARTY (BPP) would have to originate in Philadelphia or New York, preferably the latter.

In view of the above and as BPP activity in the State of New Jersey has been at a low ebb during the recent past, Newark has no recommendations at this time; however, Newark feels that any carefully planned program carried by a New York City, N.Y., network and depicting the true nature of the BPP organization would be of value to the Newark Division.

Re Bulet to San Francisco dated 1/23/70.

Referenced letter requested observations and recommendations regarding contact with sources in the television and/or radio field who might be interested in drawing up a program for local consumption depicting the true facts regarding the BPP.

As the Bureau is aware, on December 4, 1969, officers of the Cook County State's Attorney's Police conducted a raid on a BPP residence at 2337 West Monroe Street in Chicago, which resulted in the fatal shooting of FRED HAMPTON, Deputy Chairman of the Illinois Chapter, BPP, and MARK CLARK, BPP leader from Peoria, Illinois.

This shooting incident received extensive coverage in press, radio, and television in this area. As a result of the publicity given this incident, the Coroner of Cook County impanelled a "blue ribbon" jury to inquire into the incident. The hearings of this group received extensive coverage by the news media. In addition, a Federal Grand Jury is currently conducting its own inquiry into the HAMPTON shooting.

This shooting incident has resulted in extensive coverage of the BPP in Illinois in radio, television, and press. The history of the BPP and the reaction of white and black residents to BPP activities has been covered extensively.

At present it is felt that local news media should have little interest in any stories regarding the BPP because of the wide coverage that the group has received recently because of the HAMPTON shooting. In light of this recent saturation coverage of the BPP on local radio and television plus the national network programs that have recently been shown such as the MIKE WALLACE report on CBS-TV on January 6, 1970, it is unlikely that another program about the BPP will be of interest to listeners and watchers in this area. Its possible impact, if any, could be considered minimal.

In view of the above, it is suggested that any approach to radio and TV sources in this area, regarding a BPP program, be held in abeyance pending a more receptive climate for such action locally.
